Start your engine for excitement !

Start your engine for fun !

Start your engine for thrills and challenges !

Start your engines and "go ! go ! go !"

Once again Taito has come up with the ultimate driving game, chock full of new features and new profit potential.

Grand Champion is a game that really tests your driving skill. The player is involved in an actual race. He starts off last..... can he come in first?

Challenges and features

1. Besides avoiding opposing cars, the player has to drive through dark tunnels, rain, lightning, sleet and snow, and a track that suddenly divides.
 2. Radar Feature — this enables the player to see his position relative to the other cars.
 3. Rank Feature — this shows the player's numerical rank all through the race.
 4. Speech Feature — The machine tells the player when to "start his engine" when to "hurry up" and praises him when he wins — "you're the best driver".
 5. Realistic Ignition System — player starts his engine by turning ignition key.
 6. Realistic fuel gauge and RPM indicator.
 7. Multiple race course patterns guarantee that even the "good" players will not be bored.
 8. A striking new cabinet design that's sure to attract attention and play.
- "Grand Champion" the ultimate Driving Game.
